## GENERAL TERMS AND CONDITIONS OF THE ELI TOKEN MIGRATION

November 2019

READ THESE TERMS AND CONDITIONS CAREFULLY BEFORE MAKING ANY DECISION IN RELATION TO THE MIGRATION OF ELI TOKENS. BY REQUESTING ANY ACTION IN RELATION TO THE MIGRATION OF ELI TOKENS, YOU ACKNOWLEDGE THAT YOU HAVE READ THESE TERMS AND CONDITIONS AND THAT YOU AGREE TO BE BOUND BY THEM. “YOU” MAY REFER EITHER TO YOU OR TO THE ENTITY YOU REPRESENT.

### 1. ELI TOKEN MIGRATION

To enable its users cheaper and faster transactions, Eligma Ltd., a company registered in Slovenia under company registration number 8106452000 and located at the address Letaliska cesta 33F, 1000 Ljubljana (“**Eligma**”), will migrate the ELI token from the Ethereum blockchain to the Bitcoin Cash blockchain. ELI token migration means that you will need to send your ELI tokens to a deposit address that you will receive on this website in order to receive the same amount of new GoCrypto tokens to the SLP address that you will provide.

When migrating to the new network, the ELI token will change its name and become the GoCrypto token “**GoC**”). The GoC operates on the Bitcoin Cash-compliant SLP protocol (Simple Ledger Protocol). You can find more information about the SLP protocol at <https://simpleledger.cash/>.

If you own ELI tokens and you want to send your ELI tokens to our deposit address, it is considered that you accept the contents of these General Terms and Conditions of the ELI Token Migration (“**General Terms**”).

These General Terms apply exclusively to the ELI token migration process and do not regulate any other legal relations between you and us.

These General Terms do not apply to the ELI tokens in the Elly mobile wallet since those have already been automatically migrated to the Bitcoin Cash blockchain.

For 1 (one) ELI token, you will receive 1 (one) GoC.

### 2. ELI TOKEN MIGRATION PROCESS

To be able to successfully transfer ELI tokens to the new network, you must follow these steps:

#### 2.1. Installation of the Badger Wallet mobile application

The Badger Wallet is an official Bitcoin Cash wallet with SLP support (it accepts tokens), capable of accepting new GoC. You can install it on your mobile device (Android, iOS) or as a plug-in in your browser (Chrome, Firefox). After installing it, we strongly advise you to create a backup by writing down the seed phrase.

You create a backup by pressing the “Back up your wallet with a Seed Phrase” button. The seed phrase consists of 12 words; it is recommended that you write them down on a piece of paper. In that case, you will be able to reconstruct your Badger Wallet if your phone gets stolen or damaged.

# Eligma

## 2.2. Obtaining your SLP address from your Badger Wallet

Following the installation of the Badger Wallet, you will have to obtain your SLP address from your Badger Wallet, since your Badger Wallet generates a SLP address to receive new GoC. In your Badger Wallet, press the “Receive” button on the bottom menu. Copy that address to the clipboard on your mobile device by clicking the SLP address.

## 2.3. Entering the SLP address into the form and the obtainment of the Ethereum deposit address

You have to enter the SLP address that you copied to the clipboard on your mobile device into the online form on this website and confirm it. Then, the form will display the Ethereum deposit address where you need to send your ELI tokens. Please save and copy the address as you will need to send your ELI tokens to it.

## 2.4. Sending your ELI tokens to the Ethereum deposit address

You then send your ELI tokens to the Ethereum deposit address you received before. This process differs depending on which of the following wallets your tokens are stored:

### i. Private Ethereum wallet

If you keep your ELI tokens in your private Ethereum wallet, follow the instructions on using myetherwallet with Keystore file at [https://kb.myetherwallet.com/en/offline/offline\\_transaction/](https://kb.myetherwallet.com/en/offline/offline_transaction/).

Please also note that, for transferring the ELI tokens, you need a small amount of Ether on your wallet for the transaction gas. A regular token transaction currently consumes 0.000042 ETH (the market price is approx. \$0.008).

### ii. Metamask

If you keep your ELI tokens in the Metamask wallet, follow the instructions on using Metamask at <https://metamask.zendesk.com/hc/en-us/articles/360015488931-How-to-send-tokens-from-your-MetaMask-Wallet>.

Please also note that, for transferring the ELI tokens, you need a small amount of Ether on your wallet for the transaction gas. A regular token transaction currently consumes 0.000042 ETH (the market price is approx. \$0.008).

### iii. Hardware wallet (Ledger, Trezor)

If you keep your ELI tokens in a Hardware wallet (Ledger, Trezor), follow the instructions at <https://kb.myetherwallet.com/en/transactions/how-to-send-a-transaction/>

Please also note that, for transferring the ELI tokens, you need a small amount of Ether on your wallet for the transaction gas. A regular token transaction currently consumes 0.000042 ETH (the market price is approx. \$0.008).

# Eligma

## iv. Online exchange (i.e. Livecoin)

If you keep your ELI tokens on an online exchange (Livecoin or tokens.net), you need to transfer them to the Ethereum deposit address obtained from this website in accordance with the following instructions:

Step 1: On the online exchange, find your ELI tokens in the “Balance tab”. Click the Withdrawal button.

Step 2: Enter the amount of the ELI tokens you want to transfer in the “Amount, ELI” field. Paste the Ethereum deposit address in the “ELI token address” field. Click the “Send a Payment” button.

## 2.5. Receiving GoC

After you send your ELI tokens to the Ethereum deposit address, you will (instantly) receive the same amount of GoC to the SLP address of your Badger Wallet. You will be able to check the transactions on our [goc.eligma.com](http://goc.eligma.com) website by clicking the “Check transactions” button. Alternatively, you can check the transactions on this page: [simpleledger.info](http://simpleledger.info).

## 3. ELI TOKEN MIGRATION PERIOD

The ELI token migration period will last from November 25, 2019 23:00 CET to May 31, 2020 23:00 CET. We will keep reminding you of the migration via social media to make sure that you transfer your tokens in time.

AFTER THE END OF THE MIGRATION PERIOD, ALL NON-MIGRATED ELI TOKENS WILL BE PERMANENTLY LOCKED (UNTRADEABLE/ LOST/ WORTHLESS), SO PLEASE ALLOW YOURSELF ENOUGH TIME FOR THE MIGRATION PROCESS.

## 4. COPYRIGHT

The content of this website is copyright work by Eligma and consequently subject to copyright protection or any other form of intellectual property protection. In addition to the text and data on the website, the entire visual identity with all the visual elements is also considered legally protected property. Eligma is the exclusive copyright holder in connection with this website; as a user, you are granted a personal, temporary, non-exclusive and non-transferable right to non-commercial use of the website in accordance with these General Terms. Non-commercial use allows the use of the documents on the website for your personal use only, in which the documents must preserve all the notices regarding copyrights or other rights that are stated therein. Only exceptionally, with our written consent, can the copying, transcribing, reproduction, modification or any kind of dissemination of the information be allowed for commercial purposes.

If you possess any kind of materials that you feel could be useful to us, you can provide us with them. Please note, however, that by doing so, you transfer all the material copyrights regarding those materials onto us and allow us to publish them and / or use them in any other way.

The trademarks and service marks published on this website are our registered trademarks or we possess exclusive rights to their use.

## 5. LIMITATION OF LIABILITY

Our fundamental principle is to try to the best of our ability and with due diligence to make the information on this website as accurate and current as possible; nevertheless, please note that all the texts are for informational purposes only.

The website with all its applications is accessible continuously (24 hours a day, 365 days a year) except in case of events beyond our control or for technical reasons (e.g. website maintenance), when short periods of disrupted access or functioning of the website can occur. Notifications on planned longer interruptions will be published on the website ahead of time.

Please note that you use this website at your own risk. Neither we nor any other legal or physical entity that has participated in the creation of this website is responsible for the damages and / or loss of profit that could be incurred:

- due to using inaccurate or incomplete information;
- as a consequence of an event beyond our control or an event that can not be avoided, stopped or averted;
- due to occasional non-functioning of the website;
- due to the data acquired through online links that are published on our website but are not our property.

We recommend you to ensure suitable software protection measures for uninterrupted and safe data access (e.g. protection against hacking, viruses and other malware).

We are not responsible for the proper functioning or the content of the linked third-party websites.

Please also note that we are not a provider of the Badger Wallet and that we are not responsible for its functioning.

## 6. LIMITATION OF LIABILITY WITH REGARD TO THE ELI TOKEN MIGRATION

In case you do not follow our instructions for the ELI token migration on this website, and as a consequence, the ELI token migration in the prescribed time period is not successful, Eligma shall not be held liable for any such actions (or omissions).

For the avoidance of any doubt, the preceding paragraph shall also apply in case you willingly or unwillingly take no action with regard to the migration of your ELI tokens.

## 7. CHANGES TO THE GENERAL TERMS

Due to potential changes with regard to the migration of ELI tokens, certain changes of and / or amendments to these General Terms are occasionally required. In such cases, we reserve the right to change their provisions without prior notification. You will be suitably notified of any changes in due course, e.g. by e-mail, through a website notification, through social media publications and similar.

# Eligma

## 8. VIOLATION OF THE GENERAL TERMS OF USE

It is in our interest to provide you with as pleasant user experience as possible regarding the ELI token migration, which can be achieved by implementing the ELI token migration in accordance with these General Terms. However, in the event of violation of these General Terms and / or unauthorised use of this website, we reserve the right to take action in a manner considered appropriate, e.g. by reporting the suspected illegal actions to the competent law enforcement authorities, control authorities or other authorised entities. If so necessary or required by the applicable legislation, the aforementioned authorities will be revealed all the necessary information, in accordance with the Personal Data Protection Notification published here: <https://goc.eligma.com/documents/personal-data-protection-notification.pdf>

## 9. APPLICABLE LEGISLATION

For any questions regarding the structure, implementation and interpretation of the ELI token migration and these General Terms, the law of the Republic of Slovenia shall apply. Any disputes arising from the violation of these General Terms are settled by Eligma in an amicable manner. If that is not possible, the competent court is the Court of Ljubljana.

## 10. CONTACT

If you have any questions or comments in connection with the ELI token migration or these General Terms, we are available at [support@gocrypto.com](mailto:support@gocrypto.com).
